### Manuscripts preparations:

Prepare the manuscript in Times New Roman font using a font size of 12. Title shall be in a font size 14, bold face capitals. All section titles in the manuscript shall be in font size 12, bold face capitals. Subtitles in each section shall be in font size 12, bold face lower case. Standard International Units could be used throughout the text. Pages should not be numbered, manuscript should be starting with the title page and the text should be arranged in the following order:

- Title page
- Abstract
- Introduction

- Materials and Methods
- Results and Discussion. Figure and Table titles and legends (must be submitted by excel sheet only).
- Conclusion
- Acknowledgements
- References (must be in numerical in text as well as reference numbers should in bracket) [1, 2] or [1-5].

**Title page:** In separate lines, the title page should contain the title of the manuscript, the name(s) and affiliation(s) of the author(s), and the mailing address, telephone and fax numbers, and e-mail address of the corresponding author. The title must be specific, concise and informative.

**Title:** 12 FONT SIZE, TIMES NEW ROMAN, NORMAL, BOLD

**Authors:** 12 FONT SIZE, TIMES NEW ROMAN, NORMAL, BOLD

**Keywords and Abstract-** Please include 3-10 keywords for indexing purposes; Full-length manuscript submission should contain an abstract of up to 250 words in a structured form, consisting of: Objective, Methods, Results, and Conclusion.

**Introduction:** It should summarise the rationale, provides a brief research background (not an exhaustive review) and states in a single sentence the objective of the study. Please do not include any results or the conclusion of the study.

**Materials and methods:** All the ethical permission associated in the research work must be specified. It should provide technical information about the study. Published methodological details are not needed to describe that have been published previously. Specifications (including the manufacturer, city, and the country) should be given for the main drugs, chemicals, and instruments.

**Results:** It should reveal the findings of works.

**Discussion:** It should be with the interpretation of the results and their comparison with those of other studies. No need to repeat the results, review literature, textbook knowledge or cite references that do not have a close relationship with the present result.

**Conclusion:** conclude the study linking back to the aim of the study.

**Tables:** Tables must be concise and cited consecutively using Arabic numerals in the text (Table 1, Table 2...etc.). The title of the table should clearly indicate the nature of the contents and sufficient detail should be included in the footnote to facilitate interpretation without reference to the text. Use horizontal rules only.

Table Format – It should be designed using table tools of MS Word and exactly same as below

**Table No. 1: Accuracy of Sample**

S. No.	Conc. of drug samples (µg/ml)	Preanalyzed	Standard drug added (µg/ml)	sol.	Recovered amount* (µg/ml)	% Recovered
1						
2						

**Figures:** Figures (photographs, drawings, diagrams and charts) should be clear, easily legible and cited consecutively using Arabic numerals in the text (fig. 1, fig. 2...etc.). For line work, submit black-ink drawings of professional quality. Micrographs or other glossy photographs must be of the highest quality. Use standard symbols: ○, ●, ×, □, ■, △, ▲. Freehand or typewritten lettering is unacceptable. If a figure comprises more than one glossy photograph, these should be marked A, B, C...etc. Figure legends should be marked clearly with their correspond letters. Legends should contain sufficient detail to permit figure interpretation without reference to the text. Scale markers should be indicated in the photographs. Colour plates are also welcome. The editor will make the choice of cover art illustration.

Figure format- Fig. 1: (12 Font size, Times New Roman, Normal, Bold)

Manuscripts that fail to conform to the requirements of the Journal, as specified under 'Instructions to Authors', will be rejected outright.

Tables and figures should be cited in the text in numerical order. Table 2 should not be first cited before Table 1.

**Units and Symbols** - The use of the International System of Units (SI) is recommended.

**References:**

References should be numbered consecutively in the order in which they are first mentioned in the text (not in alphabetic order). Identify references in text, tables, and legends by Arabic numerals in parenthesis/bracket like-[1]. References cited only in tables or figure legends should be numbered in accordance with the sequence established by the first identification in the text of the particular table or figure. Use the style of the examples below. Use complete name of the journal for non-indexed journals. Avoid using abstracts as references. Information from manuscripts submitted but not accepted should be cited in the text as “unpublished observations” with written permission from the source. Avoid citing a “personal communication” unless it provides essential information not available from a public source, in which case the name of the person and date of communication should be cited in parentheses in the text. For scientific articles, contributors should obtain written permission and confirmation of accuracy from the source of personal communication.

The commonly cited types of references are shown here, for other types of references such as electronic media, newspaper items, etc. please refer to ICMJE Guidelines (<http://www.icmje.org/>).

**Articles in Journals:**

**Ex:** Kannappan N, Ganesh A, Naveen Kumar CH, Mannavalan R. Int J PharmTech Res 2009;1(4):1704-1708.

**In Books:**

**Ex:** Lachman L, Lieberman HA, Kanig JL. The theory and practice of industrial pharmacy. 3rd ed., Varghese Publishing House, Mumbai: 1987;182-184.

**Journal abbreviations source:**

Journal names should be abbreviated according to CAS Source Index (CASSI) Search Tool abbreviations: <http://cassi.cas.org/search.jsp>

**Short Communication:**

The journal publishes exciting findings, preliminary data or studies that did not yield enough information to make a full paper as short communications. These have the same format requirements as full papers but are only up to 5 pages in length. Short Communications should not have subtitles such as Introduction, Materials and Methods, Results and Discussion - all these have to be merged into the running text. Short Communications preferably should have only 3-4 illustrations.

**Case Study:**

It should be divided in the Title page, Abstract (non structured), Keywords, Introduction, Case Report, Discussion, Conclusion, Acknowledgement, References.

**Review Articles:**

Should be about 18 pages long, contain up-to-date information, comprehensively cover relevant literature and preferably be written by scientists who have in-depth knowledge on the topic. All format requirements are same as those applicable to full papers. Review articles need not be divided into sections such as Materials and Methods and Results and Discussion, but should have an Abstract and Introduction, if necessary.
